

CANDY FLOSS

Candy Floss conjures up fond memories of childhood and fun fairs no matter what your age. The smell of this sweet treat being made will bring in the crowds without fail.

All the fun of the fair – traditional pink candyfloss in a traditional funfair cart. Nobody can resist one of these tasty, pink, fluffy treats. If you fancy something a bit different, how about a banana flavoured candyfloss, or even a blue raspberry one to turn your tongue blue. Candyfloss is such a popular and fun treat it's often found at all types of events from weddings to exhibitions to school fetes and birthday parties. So much so, we have a special white cart and canopy just for weddings or we have traditional pink carts and canopies for other events.

For added impact, we can also brand the candyfloss cart or the candyfloss bags, just get in touch for more information.
